CAGE CODE: 89P22

Active Security-Cleared Personnel & NISPOM-Compliant Operations

MBE | GSA | Contract Holder #47QTCA22D007D

CAPABILITY STATEMENT

Secure, Governed IT Modernization

Goldman Sachs 10,000 small businesses ALUMNI

BUSINESS OBJECTIVE

SolutionsMET, LLC assists federal agencies in improving mission delivery by modernizing legacy systems, strengthening security, & turning emerging technologies into practical capabilities. Our services include cloud engineering, secure application & analytics development, information quality assurance, & technology evaluation.

CORE COMPETENCIES

Software Development & Generative AI (GenAI) Integration

- **Applied AI & GenAI:** AWS Bedrock LLM integrations, RAG pipelines & rapid prototyping.
- **Cloud-Native Application Delivery:** Secure microservices, RESTful APIs & accessible USWDS / 508 UIs.
- **AI-Assisted Quality & Integration:** Automated testing, code quality gates & enterprise COTS connectivity.

Solution Architecture & Security Engineering

- **Zero Trust Architecture (ZTA):** Defense-in-depth & least-privilege network boundary design.
- **Compliance Engineering:** Pre-flight ATO readiness, NIST SP 800-53 mapping & SSP baselines.
- **Enterprise Runway: SAFe®** Architectural Runway alignment for scalable, hybrid cloud systems.

IT Modernization & Continuous Process Improvement

- **Continuous Modernization:** Monolith-to-microservices refactoring & containerization (Docker/Kubernetes).
- **DevSecOps & GitOps:** Declarative Git-driven CI/CD pipelines with SonarQube & vulnerability gates.
- **Technical Debt Reduction:** Hardening legacy systems, eliminating risks & automating manual processes.

AI Enablement & Workflow Implementation

- **AI Readiness & Roadmaps:** Assess workflows, prioritize AI use cases & identify adoption gaps.
- **AI Adoption & Workflow Integration:** Implement shared context, automation & coordinated team practices.
- **Human Oversight & Operational Handoff:** Define review roles, performance checks & maintainer responsibilities.

Cloud Strategy & Infrastructure Solutions

- **Cloud-Smart & GovCloud:** Strategy, migration & automated Infrastructure as Code (IaC / Terraform).
- **Emerging Tech Sandboxes:** Rapid deployment of isolated, ATO-ready cloud evaluation environments.
- **Resilience & Observability:** Centralized audit logging, telemetry & high-availability architecture.

Agile Delivery & SAFe® Governance

- **Scaled Agile Framework (SAFe®):** Agile Release Trains (ARTs), PI Planning & cross-team alignment.
- **DREAMM™ Framework:** Disciplined innovation-to-operations (I2O) delivery & risk mitigation.
- **Delivery Governance:** Enterprise Jira/Confluence baselines, DoR/DoD quality gates & team agreements.

NAICS CODES

- 541512 – Computer Systems Design Services (Primary)
- 541511 – Custom Computer Programming Services
- 541519 – Other Computer Related Services
- 518210 – Computing Infrastructure Providers, Data Processing & Web Hosting
- 541618 – Other Management Consulting Services
- 513210 – Software Publishers (formerly 511210)

PRODUCT SERVICE CODES (PSCS):

- DA01 (Application Development Support), DF01 (IT Management Support), DD01 (ITSM & Project Support), DA10 / DH10 (SaaS & PaaS Cloud Services)

TECHNICAL CREDENTIALS & GOVERNANCE

- AWS Certified Solutions Architect
- SAFe® Practice Consultant (SPC) & SA
- ServiceNow Certified System Administrator
- PMP & PMI-ACP® Certified Delivery

<solutionsMET/>

ENTERPRISE PAST PERFORMANCE & PROVEN MISSION IMPACT

PAST PERFORMANCE

U.S. Government Accountability Office (GAO) - Information Systems & Technology Services (ISTS) / OEESS

Sub to GovCIO (formerly Salient CRGT) | Contract No. HHSN316201200004W12 | PoP: 2018 – 2025 | Subcontract Value: $11.5M

- **Enterprise Modernization & SAFe® Delivery:** Led full-lifecycle software development & Business Intelligence (BI) initiatives across 30+ projects, spearheading the transition to the Scaled Agile Framework (SAFe®) & Rapid Application Development (RAD).
- **Cloud Engineering & DevSecOps Compliance:** Architected secure AWS/Azure environments & automated CI/CD pipelines, integrating continuous security validation to accelerate the Authorization to Operate (ATO) lifecycle for mission-critical applications.
- **ServiceNow Platform & Portfolio Governance:** Centralized IT portfolio governance by delivering the Integrated Master Plan (IMP) & Schedule (IMS) via ServiceNow & Jira integrations, automating budgeting, resource allocation, agile scheduling, & proactive risk identification for all assigned initiatives.
- **Information Management & Publishing:** Processed & distributed 6,400+ critical congressional audits & legal decisions, maintaining a 99.9% defect-free release rate & compliant web-posting.

U.S. Government Accountability Office (GAO) – STAA Apps & Infrastructure BPA / Innovation Lab Support

Sub to 4Points / EIT | Call Order No. 05GA0A23K0128 | PoP: 2023 – 2026 | Subcontract Value: $995K

- **Applied AI & Data Science Engineering:** Partnered with data scientists to transition emerging technology concepts into enterprise-grade applications. Architected secure API integrations & full-stack interfaces for a flagship Large Language Model (LLM) utilizing AWS Bedrock, Lambda, API Gateway, & React.
- **DevSecOps & Innovation Lifecycle Governance:** Engineered a centralized portfolio management platform (NestJS, GraphQL, MongoDB) to operationalize the agency's R&D lifecycle. Built automated CI/CD pipelines & DevSecOps stage-gates to securely transition data science prototypes from sandbox incubation into ATO-accredited production.
- **UI/UX Architecture & Digital Accessibility:** Delivered Section 508 & WCAG 2.1 AA compliant interfaces for high-visibility public portals (innovations.gao.gov) & digital federal auditing standards (Yellow & Green Books) by implementing the U.S. Web Design System (USWDS) & modern front-end frameworks.

U.S. Drug Enforcement Administration (DEA) - Information Systems Division (TC) / Bluestone

Sub to GovCIO (Salient CRGT) | TO No. 47QTCK18D0060-47QFCA21F0073 | PoP: 2021 – Present | Subcontract Value: $1.57M

- **ServiceNow ITSM & Enterprise Architecture:** Provided enterprise solutions architecture, custom software development & operational maintenance for DEA's domain-separated ServiceNow instance.
- **Cross-Domain Isolation & Security:** Engineered secure workflows guaranteeing cross-domain data isolation with zero downtime or degradation for live operational users.
- **Agile Execution & DevSecOps:** Managed sprint deliverables & tracking via Jira & Confluence, accelerating deployment velocity & incorporating stakeholder feedback within 2-week iterations.

DIFFERENTIATORS

- **Secure Compliant Operations:** Cleared personnel & accredited workflows delivering immediate day-one readiness for sensitive federal & law enforcement missions.
- **Enterprise Modernization Scale:** Proven track record modernizing legacy systems across 3,000+ users under prime contracts up to $120M, maintaining 99.99% production SLA availability.
- **Accelerated Mission Value (DREAMM™):** Proprietary delivery framework that bridges prototypes to accredited operations, compressing ATO timelines & mitigating deployment risk.
- **Mission-Derived Quality Governance:** Forged in complex federal enterprise environments, our proprietary IMAligned™ & IMAssured™ process frameworks de-risk delivery through institutionalized knowledge capture & rigorous QA.
- **Certified Multidisciplinary Delivery:** Technical team holds AWS Solutions Architect, ServiceNow Certified System Administrator, SAFe® Practice Consultant, & PMP/PMI-ACP® credentials.
- **Executive Program Maturity:** Graduate of the exclusive Goldman Sachs 10,000 Small Businesses Program (2024), demonstrating disciplined fiscal, operational, & scalable business maturity.

BY THE NUMBERS

- **80,000+ Digital Records Managed (Staff Experience):** Our personnel bring a collective track record of executing enterprise metadata & content lifecycles.
- **3,000+ Enterprise Users Supported:** Engineering resilient architectures for federal agencies with zero operational downtime.
- **200+ Production Change Requests:** Managed release scheduling, CRB approvals, & rollback planning while enforcing continuous ATO risk baselines & container compliance.
- **80+ Cloud & Database Migrations:** Executed complex enterprise environment upgrades & transitions with zero critical rollbacks.
- **30+ Enterprise Projects Modernized:** Led end-to-end software engineering, cloud migrations, & DevOps integrations across a $120M prime portfolio.
- **20+ Consecutive SAFe® Program Increments:** Led cross-functional Agile Release Trains (ARTs) & enterprise ceremonies as certified SPCs, maintaining high delivery predictability.

FAST-TRACK PROCUREMENT PATHS & SIMPLIFIED ACQUISITION

**FAR Part 13.5 authorizes Simplified Acquisition Procedures up to $9M for commercial products & services; GSA MAS #47QTCA22D007D orders placed under FAR 8.4.*

UNDER $15,000 (MICRO-PURCHASE)

AI & AUTOMATION MVP DELIVERY

- **10–15 Day Review:** Evaluates 1 workflow for AI opportunities & risk gaps
- **Actionable Findings:** Workflow/AI opportunity map & Jira/Confluence alignment
- **Execution Roadmap:** Prioritized backlog & 90-day execution milestones
- **Firm-Fixed-Price:** FAR 13.2 Micro-Purchase (Government Purchase Card Enabled)

UNDER $25,000

AI & WORKFLOW IMPLEMENTATION BLUEPRINT

- **30-Day DREAMM™ Discovery:** Complete architecture design for 1 initiative (up to 2 integrations)
- **Security & Design:** Defines data flows, human review gates & privacy controls
- **Roadmap:** Sprint-ready backlog, evaluation plan & resource/cost estimates
- **Firm-Fixed-Price:** FAR 13.106 Direct Small Business Award (Streamlined SOW)

UNDER $350,000 (SAT)*

AI ENABLEMENT MVP DELIVERY

- **90-Day DREAMM™ Delivery (I2O):** Deploys working AI/automation MVP in your agency environment
- **Deliverables:** Version-controlled code, templates & automated compliance checks
- **Handoff:** Maintainer runbooks, team rehearsals & continuous improvement backlog
- **Firm-Fixed-Price:** GSA MAS (FAR 8.4) or Commercial SAT (FAR 13.5)
